COVID-19 HEALTH AND SAFETY POLICY

LipZinc Theatre hereby sets out their policy for safe rehearsals and performances during the Covid-19 pandemic.

LipZinc agrees to:

- Provide the cast and crew with hand sanitiser at the beginning of every rehearsal, and after breaks, and provide spare surgical masks for anyone who forgets to bring their own.
- Provide the cast with a Covid-19 test on or around the 22nd of October.
- Conduct indoor rehearsals with windows open, and all surfaces sanitised before and during rehearsals.
- Disinfect and sanitise all surfaces at the end of every rehearsal.
- Document all rehearsal dates and times, in writing and with photographs.

During rehearsals cast and crew must agree to adhere to the following:

- Use the hand sanitiser provided.
- Bring and wear face masks wherever social distancing is not possible.
- Maintain a physical distance of 2 metres during warm-up and breaks.
- Have a Covid 19 test, organised and paid for by LipZinc, on or around the 22nd of October.
- Upon receiving a negative result, the actors will form a bubble and rehearse without masks, and agree to limit social contact with anyone outside their household and/or the bubble until after the get-out.

During Get-in and production week cast and crew must adhere to the following:

- Everyone must wear masks inside the theatre, except whilst on stage performing.
- All food and drink consumption is only permitted outside the theatre.
- The cast must keep at least 2 metres away from the technician and film crew at all times.
- Use the hand sanitiser provided regularly.
- Listen to the rules laid out by the manager of the theatre, and adhere to their Covid policy also.
- No sharing of makeup products.
- No engaging with the public during breaks, or before entering the theatre.

- Clean up after themselves, remove all personal property and sanitise their area of the dressing room with spray provided, upon completion of the filming.
- Exit the theatre in a timely manner, wearing masks and sanitising their hands.
